2. 7-PDF Split & Merge
3. ABBYY FineReader
4. Kaspersky Endpoint Security
5. Microsoft Windows 7
6. Microsoft Office Pro Plus 2013
7. MOODLE (modular object-oriented dynamic learning environment)
8. "Dialogue NIBELUNG" digital language laboratory software
9. Adobe Creative Cloud (Photoshop, Illustrator, InDesign, Acrobat Pro и т.д.)
10. ISpring Suite 9

6. ASPECTS OF THE IMPLEMENTATION OF THE DISCIPLINE FOR STUDENTS WITH DISABILITIES AND SPECIAL NEEDS

6.1. Availability of Accessible Environment

For students with disabilities and special needs, if a written application is submitted, lectures and practical classes are carried out taking into account health limitations, individual capabilities and medical status (hereinafter referred to as individual characteristics) of the student. Compliance with the following general requirements is ensured: teaching aids for collective and individual use are provided, required technical assistance is provided by an assistant; buildings and premises where lectures and practical classes are taking place meet accessibility requirements, other arrangements lack of which makes it impossible or difficult to master the discipline are made.

6.2. Ensuring Compliance with General Requirements

When lectures and practical classes are carried out at the written application of the student, the following general requirements are met: lectures and practical classes for students with disabilities and special needs take place at the same location as for students who do not have disabilities, if this does not cause difficulties for students; an assistant (assistants), who provide(s) students with the necessary technical assistance taking into account individual characteristics of the student, is (are) provided; necessary teaching aids are provided, taking into account individual characteristics of the student.

6.3. Availability of the Internal Policies and Procedures of FSBEI HE PSMU of the Ministry of Health of Russia to Students with Disabilities in a Format Accessible to Them.

All internal policies and procedures of FSBEI HE PSMU of the Ministry of Health of Russia concerning the discipline are made available to students with disabilities in a format accessible to them.

6.4. Increase in the Time Limit of Interim Assessment for Students with Disabilities and Special Needs in Relation to the Established duration

Format of the interim assessment of academic performance within the scope of the discipline conducted for students with disabilities and special needs is selected taking into account individual characteristics of the students (orally, by writing on paper, by typing on a computer, as a test, etc.). The duration of the interim assessment in relation to the established duration is increased at the written application of the student with disabilities. Time limit for the student's preparation for the test is increased by at least 0.5 hours.

7. STAFFING REQUIREMENTS OF THE DISCIPLINE

Academic teaching personnel that ensure the implementation of the discipline education process meet the requirements of the Federal State Educational Standard of Higher Education for the 31.05.03 Dentistry specialty; list of the aforementioned personnel is available on the website of the educational organization.

8. TUTORIAL WORK

Tutorial work for the discipline is carried out in accordance with the Tutorial work program and Tutorial work schedule of the basic educational program for the 31.05.03 Dentistry for foreign students (English-language program) specialty.

The effectiveness and efficiency of the tutorial work are assessed and reviewed by the scientific and pedagogical staff of the Department of Foreign languages and discussed at the Educational and Methodological Board for the 31.05.03 Dentistry for foreign students (English-language program) specialty, profile 02 "Healthcare" (in the field of providing health care in patients with dental pathology).
